China Manufacturers eylet Official Partner Program

How does it work?

Step 1. You choose design and colour of NFC Card or Sticker

Step 2: You place an order for the cards with NFC manufacture. NFC manufacturers will get eylet app links for free for any quantity.

Step 3: NFC company makes NFC cards (can also make getting started guide if you want)

Step 4: You receive NFC cards and put one with each phone case packaging, or you stick onto the phone case + 1 instruction guide.

Step 5: Sell the phone case as a NFC digital business card Phone Case.

You can use eylet logo in packaging and sell on all marketplaces like Amazon, Aliexpress, Temu etc.

Turn your ordinary phone case into a smart digital business card phone case and sell at higher prices.

Add this product when you are packing the cases.

China Manufacturers eylet Official Partner Program
