Add Google Review Link Manually

One of the reasons your business is not showing on the list is possibly because the address is missing from your Google Business Profile account.

We recommend adding your address as it helps your local SEO and will show your business on the Google search results page map.

If you do not wish to add your business address or if your business address is waiting for confirmation by Google, you can add the card manually with your Google Review link.

Follow these steps to get the Google review link:

1. Go to your Google Business Profile account.
2. On your homepage, scroll down to the Get More Reviews box and click on the Share review form.
3. Copy the provided link in the pop-up.
4. Paste the link into the box below, then tap Save.

Paste the Google Reviews share link here

What is eylet?

eylet is a digital multi purpose power app.

It is for Google review products like NFC Card, Table stands, stickers, keychains and includes a free digital business card.

Why is it Free?

Most apps are free nowadays, it's all about user numbers.

What do I need to do?

Nothing, eylet works with manufactures and will supply unique URLS to them they will program and print QR codes on to your products. You don't need to do anything.

Do I need to make any design changes to the product

No you don't need to change your design.

But it may help your brand if you used the eylet.com official partners logo somewhere on the product.

Is there a customer user guide?

Yes can be found here

https://www.shop.eylet.com/getstartedgooglecards

Does eylet sell their own google products?

Only NFC card not other products you can sell NFC cards with eylet we partner with everyone.

We only sell cards as we have to build the app and maintain it as a proof of concept.

Our long term plan is for you to sell your products with our free app.

Our cards are priced at USD 22.99 each.

We do not lower the price; it's not for sales, just for proof of concept.

Ordering Process

You don't have to do anything

Step 1	You place your order with manufactures for Cards, Table Stand, Stickers, any product you like.
Step 2	Manufacture is our partner and will get eylet URLS for free.
Step 3	Manufacture makes the product as per your design and pre-programs the URL link into NFC chip and prints the Unique QR code on each product.
Step 4	When production is complete, send the product to you.
Step 5	You sell anywhere, Amazon, Temu, Aliexpress
Step 6	Customer downloads the free eylet app and scans QR code to set up the card.
